Lisa Rubino Appointed to Board of Directors of Beacon Healthcare Systems

Former President of Molina Healthcare of California and Senior VP of Blue Shield of California Joins Industry's Leading Compliance and Risk Management Organization

(HUNTINGTON BEACH, Calif. – June 30, 2020) — Healthcare management executive Lisa Rubino, who has held leadership positions with some of the nation's best-known and most widely respected health plans, has been appointed to the board of directors of Beacon Healthcare Systems. Beacon is home to the healthcare industry's leading compliance and risk management technologies.

For the past three years, Rubino has served on Beacon's advisory board where she shared her expertise in business development and market strategy, particularly as it applies to the Medicare and Medicaid arenas. In her new appointment, she brings to the Beacon board a strong background in high-performing organizations and a 35-year track record of achieving outstanding financial and operational results. She is the former president of Molina Healthcare of California and senior vice president of Molina's Medicare Division. Prior, Rubino served as senior vice president for both Blue Shield of California and before that CareAmerica Health Plans, in both cases focusing on individual, small-group and government-related business.

"Lisa's entire career has been one of exceptional achievement combined with a keen insight into where the industry is going and how to be a market leader," said Beacon Chairman of the Board Layton Crouch. "We are thrilled to have her join the Beacon board of directors as we seek new and even better ways to grow our business and serve our customers nationwide."

In addition to her new role at Beacon, Rubino currently serves on the board of directors for SafeRide Health and on the advisory board of Redesign Health. She holds a Bachelor of Science and Master of Science in criminology from California State University, Long Beach.

Beacon Healthcare Systems is home to the healthcare industry's leading compliance and risk management technologies, providing health plans of all sizes and sponsorships with

customizable and scalable SaaS (Service as a Software) solutions that ensure accountability, accuracy and operational efficiency. With a focus on appeals, grievances, compliance and analytics, Beacon HCS is the first place health plans turn to when they are looking for a trusted, experienced partner who can help them reduce costs, grow revenue and achieve their strategic goals. Founded in 2011, Beacon HCS is a privately held California-based company with a technology center located in Austin, Texas. beaconhcs.com
